

INDEX

Arranged alphabetically, word-by-word, the entries refer to paragraph numbers in the Manual. Italicised entries refer to cases. Abbreviations are used within the entries but not as lead terms, eg VO, VT, BA (Billing Authority), BC (Borough Council), DC (District Council), LB (London Borough). As the division within sections of the Manual is consistent, any reference whose second number is 3 (eg 1.3.1) will lead you to case law.
